2. FICSI will examine the Proposals to determine whether they are complete, whether any computational errors have been made, whether the documents have been properly signed, and whether the Proposals are generally in order.
3. Arithmetical errors will be rectified on the following basis: If there is a discrepancy between the unit price and the total price that is obtained by multiplying the unit price and quantity, the unit price shall prevail and the total price shall be corrected. If the Bidder does not accept the correction of errors, its Proposal will be rejected.
4. Prior to the detailed evaluation, FICSI will determine the substantial responsiveness of each Proposal to the Request for Proposals (RFP). For purposes of these Clauses, a substantially responsive Proposal is one which conforms to all the terms and conditions of the RFP without material deviations. FICSI's determination of a Proposal's responsiveness is based on the contents of the Proposal itself without recourse to extrinsic evidence.
5. A Proposal determined as not substantially responsive will be rejected by FICSI and may not subsequently be made responsive by the Bidder by correction of the non-conformity.

10.4 Evaluation and comparison of proposals

10.4.1 Evaluation of bid

A two-stage procedure will be utilized in evaluating the bids, with evaluation of the Technical proposal being completed prior to any commercial bid being opened and compared. The commercial bid of the Proposers will be opened only for submissions that passed the minimum technical score of 80% of the obtainable score of 100 points in the evaluation of the technical proposal. The Technical proposal will be evaluated on the basis of its meeting the Evaluation parameters in the Table given below in "Evaluation Criteria for Technical Proposal"

In the Second Stage, the commercial bid of all contractors, who have attained 80 % of the Technical Proposal evaluation criteria will be opened and compared.

The contract will be awarded to the Proposer who scores highest marks aggregated for technical and financial bid (80% weightage to Technical proposal and 20% to financial bid).

The commercial bids will be opened and evaluated of only those bidders/consortia/consulting firms which fulfill the following conditions:

- Prior Experience with regard to DTP/translation service of Courses, Curriculum & Syllabus for Sector Skills Council or any Govt. Department/Ministry in India or Abroad, & secure at least minimum technical score of 80% of the obtainable score of 100 points.
- **Financial Bid:** The Bidder shall indicate the prices of services it proposes to supply under the contract. All costs shall be inclusive of all taxes, duties, charges and levies of State or Central Governments, as applicable, at the date of signing the Agreement and subject to deduction of all statutory deductions applicable, if any. In case of upward revision to duties and taxes the Bidder will be responsible to incur the additional cost. The Bidder has to include all costs like Travel, Lodging and Boarding, Local Travel expenses etc. incurred during the implementation and FICSI will not bear any additional costs on these.

Clarification: The financial bids should cover all the deliverables as given in the scope of work (Refer Form III, Annexure- C).

Combined Techno-commercial evaluation: In respect of all the qualified Bidders, in whose case, the commercial Bid has been opened a combined techno-commercial evaluation will be done by the FICSI as per the following procedure:

A combined “Score (S)” will be arrived at after considering the nominal commercial quote and the marks obtained in technical evaluation with relative weights of 20% for commercials and 80% for technical. The combined evaluation shall be made by applying weightage of 80 and 20 for the technical and commercial scores.

$$\left(\text{Combined score of 'A'} = 80 * \left[\frac{\text{Tech Score of A}}{\text{Highest Tech Score}} \right] + 20 * \left[\frac{\text{Lowest Financial Bid}}{\text{Financial Bid of 'A'}} \right] \right)$$

On the basis of the above combined weighted score, the bidders shall be ranked in terms of the total combined score obtained. The Bidder with the highest combined score (H-1) will be declared successful and shall be recommended for award of the contract. After the identification of the successful Bidder, FICSI will follow the internal procedure for necessary approvals and there after proceed with notification of award of contract.
